

# Jean E. Taylor + Zoey Shea Peacock-Jones

## *Intergenerational Co-Mentorship*

### ABOUT US

Jean and Zoey have been intergenerational co-mentors for over 5 years now. They co-created this new non-hierarchical mentorship model based on distributed wisdom and the idea that they are both experts and know nothing. They are excited to share this practice widely as they believe many of the issues we face right now need multiple, intergenerational perspectives to ignite change.
